

PROCEDURE NO. 2-6-39

ISSUED: 12/29/25

REVISED: N/A

REVIEWED: N/A

SUBJECT: Use of Well Water in Residential Sites

PURPOSE: To maintain consistent monitoring of water quality in residential settings

=====
Any residential properties used by Woodhaven for residential services that utilize a well for water production will be required to have water quality tested before services begin and thereafter annually to be sure the water is safe for consumption and use.
