

We are a rare place for individuals with autism and other forms of neurodiversity to learn technology and soft skills. We believe in the dignity and potential of our students and offer small classes and hands-on learning opportunities.

CLASSES SUBJECT TO CHANGE BASED ON ENROLLMENT, INSTRUCTOR AVAILABILITY OR INDIVIDUALIZED NEEDS OF STUDENTS.

SOCIAL SKILLS:

Practice communication, relationship building, team work, job interviewing and other skills to help navigate work and life.

THERAPEUTIC REC:

Try new recreational activities that will help to get you more involved in the community, improve your health, and meet new people.

TECH CLASSES:

Learn technology skills in web development, programming, and office software. Work on projects for your career portfolio.
